- Database : MySQL, Oracle

### INTER- PERSONAL SKILL

- Positive attitude towards work
- Adaptability & Decision making
- Time Management and interactive nature
- Problem Solving
- Team Work

---

## PERSONAL PROJECTS

### Music Web Application

- Developed this application using Spring Boot (Java), Html and CSS. Innovative music application developer experienced creating a user-friendly platform that seamlessly caters to both administrators and customers. Designed a dynamic system allowing administrators to register and upload songs, while customers can easily register, purchase, and access a diverse library of music. Successfully implemented features for smooth song exploration, purchase transactions, and customer engagement, enhancing the overall user experience.
- Technologies Used :- Spring Boot (Java), Html, CSS, My-SQL.
